by Flawenx.. There are a lot of thanks to be given to Arie for letting me host these atFakkelBrigade back in the day; without
being able to host there in theearly days, these configs would not have been so widely disseminated.. August 2, 2019 - TF2
Team On the evening of Thursday, July 25th, a bug was introduced that allowed some older crates to grant an Unusual hat on
every opening.

just fine into the near future, but theymay be missing optimisations that could be applied on versions of TF2 newerthan the last
release.. Your mileage may vary Do not e-mail me aboutthem, I do not provide any support at all any more.
